

Overview

We give general advice on the setting-up of businesses and inflow of investment funds into local entities such as companies, partnerships, non-profit organizations and trusts. We also provide advice on the regulatory environment for the various types of entities and the sectors within which they operate. Whether you are an individual, small business entity or multinational corporation speak to our team to set up in Kenya.

Representative Experience

- **Confidential client:** Acted as the legal advisor to a company on the establishment of a special economic zone in Eldoret, Kenya. This project is the first privately owned special economic zone in Kenya.
- **Confidential client:** Provided comprehensive legal advice to one of the largest internet retailers in the world on the legislative framework, intellectual property concerns, collective bargaining, and transfer of undertakings and data privacy issues when looking to set up in Kenya.
- **Confidential client:** Advised an American multinational corporation and technology company in relation to its registration in Kenya and have continued to advise them on various legal and regulatory matters including compliance with the Companies Act, competition law, intellectual property rights and licences.
- **Confidential client:** Advised an international media company in relation to its establishment of a branch office in Kenya.
